## Information Science and Engineering Student

7022763136 | amulyagowda187@gmail.com | LinkedIn: Amulya gowda

### CAREER OBJECTIVE

Motivated and enthusiastic Information Science and Engineering student seeking opportunities to apply technical knowledge, problem-solving abilities, and leadership skills. Passionate about software development, innovation, and entrepreneurship, with a goal of building impactful technology solutions.

### EDUCATION

#### Bachelor of Engineering (B.E.) – Information Science and Engineering

Bahubali College of Engineering

Currently in 7th Semester (4th Year)

### TECHNICAL SKILLS

Programming: Python, Java

Web Technologies: HTML, CSS, Basic Web Development

Other: Arduino, Computer Vision (Academic), Cloud Computing (Academic), Machine Learning (Basic)

### PROJECTS

**Implementation of Blockchain for Medical Records** – Developed a secure and decentralized approach for storing and managing medical records using blockchain technology, focusing on data integrity, transparency, privacy, and reduced single-point failure.

**Re-Imagine: Identifying Learning Gaps in STEM Education** – Developed a machine-learning-based system to identify learning gaps among students in STEM education. Quiz data is analyzed using ML techniques, and results/recommendations are displayed through a Tkinter GUI to address a real-world educational problem.

### LEADERSHIP & ACTIVITIES

NSS Volunteer | Active Participant in Cultural Events | Sports Club Member | Interested in Playing Cricket | Dance and Singing Enthusiast

### CERTIFICATIONS

Python Certification

### SOFT SKILLS

Communication | Teamwork | Leadership | Time Management | Problem Solving | Adaptability

### LANGUAGES

English | Kannada | Hindi

### CAREER INTERESTS

Software Development | Full Stack Development | Artificial Intelligence | Startups & Entrepreneurship | Product Development | Innovation & Technology

### KEY STRENGTHS

Quick Learner | Dedicated | Positive Attitude | Problem Solver | Team Player
